I had a great experience participating in the Invent Kala Orientation, Exhibition & Art Competition at MERI College. As a first-year BBA student, it was a wonderful opportunity to explore creativity, appreciate different artworks, and interact with fellow participants and faculty members. The event was engaging and encouraging, and I'm grateful to Dr. Lalita Yadav and Dr. Simranjeet Kaur Bagga for their guidance and support. Looking forward to more such enriching activities at MERI College!

A great college with excellent exposure and learning opportunities. The institution emphasizes practical knowledge through industrial and corporate visits, which truly bridge the gap between theory and real-world application. Our recent visit to Yakult, Sonipat was highly informative—it gave us valuable insights into the company's operations and corporate environment, helping us understand how classroom concepts translate into industry practices. Overall, a wonderful experience that enhances both learning and professional growth.

Exercise Black Swan at our college was a great learning experience. It was an engaging and insightful activity that helped us understand teamwork, strategic thinking, decision-making, and problem-solving in a practical way. The overall experience was well-organised, interactive, and valuable for students. Looking forward to more such activities in the future!
