

MERI COLLEGE OF ENGINEERING AND TECHNOLOGY, SAMPLA

Subject: - Report on Educational cum Industrial tour of CSE, ECE, EEE, ME, Civil and BBA Students.

At MERI-CET various Industrial visits are organized at regular intervals under the Industry Institute interaction program. Industrial visits form a vital part of engineering curriculum with the sole idea to acquaint the students with practical aspects of all theoretical ideas and studies which are learned in the class rooms. The aim of the educational tour is all round development of the budding engineers.

An industrial visit at Agson Global Logistic Park, Sonapat, Pinjore garden, Parvati Dam, Manikaran, Kasol was organized by our college from 30th September 2017 to 3rd October, 2017 under the guidance of worthy Prof. (Dr.) R.C. Goyal and Dr. Manju Singh, Registrar, MERI College of Engineering and Technology.

We reached at Agson Global Logistic park by 12:00PM on 30th September 2017 for the industrial visit and after that we departed from Sonapat by 2:30PM. Thereafter, we reached Chandigarh by 5:30PM and visited Sukhna Lake. Later on, we moved towards Pinjore for viewing Pinjore garden and had dinner. After dinner, we get back to the bus and departed to Kasol at 11:00PM.

On 01st October, we reached Kasol (Himachal Pardesh) at 10:30AM and checked in to hotel. Students took Breakfast cum Lunch and moved for the local sightseeing. Students visited Manikaran Sahib Gurudwara, Shiv Temple and enjoyed the Hot water springs in Manikaran. Students enjoyed view of Israeli market. We reached back to hotel at 7:00PM. After dinner, students enjoyed the pleasure of Bonefire and DJ.

On 2nd October 2017, we moved to local sightseeing of Kasol after taking at breakfast at 8:00am. After local sightseeing, students reached Parvati River, to view the construction site of Parvati Dam, and there after they started Mountain trekking of Kheer - Ganga Trek which is of 10kms and was an eye-catching event at 11:00am. We reached back to hotel by 7:30pm. All the students gathered for the dinner at 9:00pm and enjoyed the dinner with light music.

On 3rd October 2017, we checked out of hotel at 9:00am. At 9:30am, bus came out of parking and the journey started back to Delhi. We reached at Pandoh Dam, a dam on river Beas by 12:00PM. The students enjoyed the view of hydroelectric power plant and visited the ACC Cement factory which comes in our way back to Delhi. After having Dinner at Mandi, we started travelling back to Delhi.

Due to traffic jam in Kullu, we reached at Delhi safe & sound at 9:00am in the morning of 4th October, 2017.

ACKNOWLEDGEMENT:-

We sincerely thank Prof. Lalit Aggarwal, Vice President and Dr. R.C. Goyal, Director MERI College of engineering and technology for their unending support right from the inception of this work and continuously sparing their precious time to provide us the guidance at every stage. The concerned faculty and staff of the department ensured the attendance and discipline of students very well.

Report Submitted by:-

Mr. Naveen Kumar, Faculty, Department of Mechanical Engineering.

Mr. Sandeep Chhillar, Faculty, Department of Mechanical Engineering.

Ms. Jyoti, Faculty, Department of Computer Science and Engineering.

Ms. Sonal, Faculty, Department of Computer Science and Engineering.
