Minority Cell

India is the home of many different religions and cultures. There is variation in terms of caste, creed, religion, birthplace, and other factors. Occasionally, these differences result in disparities. The culture of this religion will inevitably be strong in a nation where Hindus make up the majority of the population, but other religious groups and beliefs shouldn't feel excluded. The minority classes need to be granted equal rights and opportunities to succeed in spite of their status as a minority. The Indian Constitution gives the government the authority to enact laws that benefit minority communities. The MERI Professional and Law Institute has created a Minority Cell in fulfilment of our constitutional responsibilities. The Cell, which is led by a dedicated group of five people, was founded with the intention of supporting the minority populations inside the college. The Principal of the College is the head of the committee. The main objectives of the cell are:

1. To make it easier for government and other sources to provide financial aid to minority students.
2. To familiarise students with the fundamental vocabulary of Persian and Urdu so they can understand the terms when practicing law.

The following people make up the Minority committee:

1. Dr. Preet Singh - Principal, MERI PLI
2. Dr. Stuti Narula Markan - Assistant Professor
3. Dr. Dhanbir Singh - Assistant Professor

4. Ms. Yashika Malik- Assistant Professor
