INTERNAL QUALITY ASSURANCE CELL (IQAC)
ACTION TAKEN REPORT
Academic Years 2022–23

Plan of Action	Action Taken
Introduce interdisciplinary certificate courses aligned with NEP-2020.	• Launched interdisciplinary value-added courses integrating management, IT, communication skills, data literacy, and soft skills. • Students completed cross-domain projects under faculty mentorship.
ICT Strengthening & Digital Integration	• ERP and LMS platforms updated for attendance, internal assessment, and content management. • Faculty trained to create e-content, short modules, recorded lectures and digital assessments. • Classrooms upgraded with digital tools to support blended *learning*.
To prepare and finalize answers for qualitative metrics SSR and allocate responsibilities to faculty members for different NAAC criteria.	• IQAC Coordinator briefed all faculty members regarding the requirements for qualitative metrics. • Criterion-wise responsibilities were assigned to faculty teams for drafting responses. • All faculty were directed to submit completed responses via email within the stipulated time. • Data collection and drafting for all seven NAAC criteria commenced immediately after the meeting.

• Increase student participation in internships, live projects, and media-based assignments (for BAJMC).
 	
• Strengthen campus corporate connect and alumni engagement
	• **Skill-Based Learning**
	  o Hands-on training provided in *studio recording, video editing, podcast creation* for BAJMC students.
	  o Management and IT students engaged in live business analytics projects.
	• **Corporate Engagement**
	  o Industry mentors under NeoGen Programme guided students on professional etiquette, workplace behavior, and career planning.
	  o Strengthened placement network with banks, media houses, IT firms, and consultancy companies.
	• **Alumni & Outreach**
	  o Alumni invited for mock placements, storytelling sessions, and domain-specific interactions.
