SCHEME OF STUDY LEAVE

- (i) Study leave may be granted to a permanent whole-time teacher after a minimum of 3 years of continuous service, to pursue a special course of study or research directly related to his work in the Institute or to make a special study of the various aspects of Institute organisation and methods of education. The paid period of study leave may be for 3 years, but 2 years may be given in the first instance, extendable by one more year, if there is adequate progress as reported by the research guide:

Provided that the Governing Body, may, in the special circumstances of a case, waive the condition of three years service being continuous.

EXPLANATION: In computing the length of service, the duration for which a person was on probation or engaged as a research assistant may be reckoned provided –

- (a) the person is a teacher on the date of the application; and
 - (b) there is no break in service.
- (ii) Study leave shall be granted by the Governing Body on the recommendations of the Director. Study leave shall not be granted for more than three years in one spell, save in very exceptional cases where the Governing Body is satisfied that such extension is unavoidable on academic grounds and necessary in the interest of the Institute.
- (iii) Study leave shall not be granted to a teacher who is due to retire within five years of the date on which he/she is expected to return to duty after the expiry of study leave.
- (iv) Study leave may be granted not more than twice during one's career. However, the maximum period of study leave admissible during the entire service shall not exceed five years.

- (v) No teacher who has been granted study leave shall be permitted to alter substantially the course of study or the programme of research originally agreed to by the Governing Body without the permission of the Governing Body. When the course of study falls short of study leave sanctioned, the teacher shall resume duty on the conclusion of the course of study unless the previous approval of the Governing Body to treat the period of short fall as extraordinary leave has been obtained.
- (vi) Grant of study leave shall be subject to the provisions of sub-clauses (vii) and (viii) below.
- (vii) The amount of scholarship, fellowship or other financial assistance that a teacher who is granted study leave has been awarded, will not preclude his/her being granted study leave with pay and allowances but the scholarship etc; so received shall be taken into account in determining the pay and allowances on which the study leave may be granted. The foreign scholarship or the fellowship would be offset against pay only if the fellowship is above a specified amount, which is to be determined from time to time, based on the cost of living of a family in the country in which the study is to be undertaken. In the case of an Indian fellowship, which exceeds the salary of the teacher, the salary would be forfeited.
- (viii) Subject to the maximum period of absence from duty on leave not exceeding three years, study leave may be combined with earned leave, half pay leave, extraordinary leave or vacation, provided that the earned leave at the credit of the teacher shall be availed of at the discretion of the teacher. When study leave is taken in continuation of vacation, the period of study leave shall be deemed to begin to run up to the expiry of the vacation. A teacher who is selected to a higher post during study leave, will be placed in that position and get the higher scale only after joining the post.
- (ix) A teacher granted study leave shall on his return and re-joining the service of the Institute may be eligible to the benefit of the annual increment(s) which he would have earned in the course of time if he had not proceeded on study leave. No teacher shall however, be eligible to receive arrears of increments.

(x) Study leave shall count as service for pension or contributory provident fund, as the case may be, provided the teacher joins the Institute on the expiry of his/her study leave, and serves for the period for which the bond has been executed.

(xi) Study leave granted to a teacher shall be deemed to be cancelled in case it is not availed of within twelve months of its sanction.

Provided that where study leave granted has been so cancelled, the teacher may apply again for such leave.

(xii) A teacher availing himself of study leave shall undertake in the bond to be executed by him that he shall serve the Institute for a continuous period of at least three years to be calculated from the date of his resuming duty after the expiry of the study leave.

(xiii) A teacher –

(a) who fails to rejoin his service in the Institute on the expiry of his study leave; or

(b) who rejoins the service of the Institute but leaves the service without completing the prescribed period of service after rejoining the service, or

(c) who, within the said period, is dismissed or removed from the service of the Institute,

shall be liable to refund to the Institute, the amount of leave salary and allowances and other expenses, incurred on the teacher or paid to him or on his behalf in connection with the course of study approved by the Governing Body.

Provided that if a teacher had served in the Institute for a period of not less than half the period of service prescribed for the purpose, on return from study leave, he shall refund to the Institute half of the amount calculated as above. In case the teacher has been granted study leave without pay and allowances, he shall be liable to pay the Institute an amount equivalent to his four months pay and allowances calculated on the basis of pay and allowances last drawn as well as other expenses incurred by the Institute in connection with the course of study.

EXPLANATION : (a) If a teacher asks for extension of Study Leave and is not granted the extension but does not rejoin duty on the expiry of the leave originally sanctioned, he shall be deemed to have failed to rejoin the service on the expiry of his leave for the purpose of recovery of dues under these rules.

(b) Notwithstanding the above, the Governing Body may order that nothing in these rules shall apply to a teacher who within three years of return to duty from study leave is permitted to retire from service on medical grounds.

Provided that the Governing Body may, in any other exceptional case, waive or reduce, for reasons to be recorded, the amount refundable by a teacher under these rules.

(xiv) (a) After leave has been sanctioned, the teacher shall, before availing himself of leave, execute a bond in favour of the Institute in the prescribed form binding himself to service in the Institute for not less than double the period of study leave sanctioned to him on full, half or no pay, as the case may be, subject to a maximum period of three years.

(b) In addition to executing a bond as aforesaid, the teacher shall furnish security of two permanent teachers and give security of immovable property to the satisfaction of the Institute or a fidelity bond of an insurance company or a guarantee by a scheduled bank for the amount which might become refundable to the Institute in accordance with sub-clause (xiii) above.

The Sureties furnished should be acceptable to the Institute. Where the two sureties provided by the teacher are those who are permanent teachers of the institution to which the teacher belongs, the Institute, may, at its discretion, waive the additional requirement of getting security of immovable property or a

fidelity bond of an insurance company or a guarantee by a scheduled bank. The surety clause shall form part of the study leave bond and the persons giving surety shall be liable to pay to the Institute the amount recoverable from the teacher concerned on his failure to fulfil the obligations contained in the bond.

- (xv) The teacher shall submit to the Registrar six monthly reports of progress in his studies from his supervisor or the head of the Institution. This report shall reach the Registrar within one month of the expiry of every six months of the study leave. If the report does not reach the Registrar within the specified time, the payment of leave salary may be deferred till the receipt of such report.
